

We are a fragrance-free clinic

Occupational Health Clinical Center (OHCC)

UPSTATE
MEDICAL UNIVERSITY

Dear Client:

Your appointment has been scheduled at the Occupational Health Clinical Center as noted below. **Prior to your appointment, please fill out and return to us the enclosed forms which are listed below.** Please mail them to:

Serving Central New York

- ☐ Occupational Health Clinical Center
6712 Brooklawn Parkway, Suite 204
Syracuse, NY 13211-2195
Tel (315) 432-8899 Fax (315) 431-9528

1. PATIENT AND MEDICAL INSURANCE INFORMATION

Please complete these forms and be sure to include all of your private health insurance information as well as the name, address, and phone number of the Insurance Company which carries your employer's Workers' Compensation insurance. If your illness is determined to be work-related, and you choose to file for Workers' Compensation, we must have your employer's Workers' Compensation Carrier and any case numbers, if you have already filed a claim. We need this information for us to submit a bill on your behalf to the compensation insurance carrier.

2. MEDICAL AND OCCUPATIONAL HISTORY

Please answer all questions regarding your past medical, family and social history to the best of your ability. These must be completed before your visit and will be reviewed with you on the day of your visit. List by year all jobs you have held since leaving school. Note the Company and what they produce or what service they provide, any exposures on the job, and any protection you may have used. The physician or nurse practitioner will review this with you on the day of your visit. Please request your employer to provide a copy of Material Safety Data Sheets (MSDS) so you can bring them to your initial visit.

3. SYMPTOM LIST

Please mark any of the symptoms you have experienced in the last few months. Add any which are not listed on the form. This will also be reviewed with you on the day of your visit.

4. RECORDS RELEASE AUTHORITY

MAIL THE APPROPRIATE COMPLETED FORM TO EACH PHYSICIAN and they will send us a copy of your medical record. We may not be able to complete your evaluation at the date of your initial appointment if records are not in.

A thorough evaluation of a complicated problem may take up to two hours to complete. Please plan enough time for your visit. **As a comfort to other patients, we request that you refrain from wearing any fragrances to our office.** Enclosed are directions and map showing the location of the office where your appointment is scheduled. Please refer all questions to the appropriate office above (see checked box).

Thank you for your cooperation.

PATIENT COPY OF OHCC BILLING POLICY PLEASE KEEP

Serving the Adirondack, Central
New York, and Southern Tier Regions
of New York State

The Occupational Health Clinical Center (OHCC) is committed to making our services accessible to all patients regardless of income or health insurance status. OHCC is, however, depending on revenues from patient care to allow us to continue our work and hopefully expand the services we are able to offer. Consequently, we bill for the medical services we provide.

Chances are that a significant portion of your bill for medical services provided here at the OHCC will be covered through either your private health insurance or Workers' Compensation. You will be billed for the remaining balance in your account for any services not covered by Workers' Compensation or your private insurance. You are, however, responsible for any co-payment or unmet deductible that your insurance company requires. To make sure our services remain accessible, we have developed a sliding fee scale. If paying the remaining balance would cause a hardship for you and your family or if you do not have insurance coverage, we will be happy to work out a plan to spread payments out over a reasonable amount of time, and/or adjust your bill according to the sliding fee scale rate. Every effort will be made to ensure that you are able to obtain appropriate care without economic hardship.

To determine your bill at our sliding fee scale rate, we will need to know your household gross (before taxes) annual income and the number of members in your household. Please call or write us with this information and we will make the appropriate adjustment to your account balance appropriately.

If you have any questions or concerns about this policy, please call or write our Billing Clerk.

The Occupational Health Clinical Center (OHCC) is a member of the Association of Occupational and Environmental Clinics (AOEC). As an AOEC member, we are committed to provide you quality health care, and to help you understand the nature of your illness and any risks to your health. Our primary obligation is to you, our patient. We assure you that your medical care will be handled with compassion, and strict confidence.

As a patient of our clinic, you have a right to:

1. Understand and use these rights. If for any reason you do not understand or you need help, the OHCC will provide assistance, including an interpreter.
2. Receive treatment without discrimination as to race, color, religion, sex, national origin, disability, sexual orientation, age, or source of payment.
3. Receive considerate and respectful care in a clean and safe environment free of unnecessary restraints.
4. Receive emergency care or if appropriate, arrangements will be made for transfer to an emergency facility.
5. Be informed of the name and position of the clinician who will be in charge of your care.
6. Know the names, positions, and functions of any OHCC staff involved in your care. You have a right to refuse their treatment, examination or observation.
7. A smoke-free environment.
8. Receive complete information about your diagnosis, treatment and prognosis.
9. Receive all the information that you need to give informed consent for any proposed procedure or treatment. This information shall include the possible risks and benefits of the procedure or treatment.
10. Refuse treatment and be told what effect this may have on your health.
11. Refuse to take part in research. In deciding whether or not to participate, you have the right to a full explanation.
12. Participate in all decisions about your treatment.
13. Review your medical record without a charge and obtain a copy of your medical record for which the OHCC can charge a reasonable fee. You cannot be denied a copy solely because you cannot afford to pay.
14. Receive an itemized bill and explanation of all charges.
15. Complain without fear of reprisals about the care and services you are receiving, to have the OHCC respond to you, and if you request it, a written response. If you are not satisfied with the OHCC's response, you can complain to the New York State Department of Health. The OHCC will provide you with the Health Department telephone number.
16. Obtain a list of contracts and grants that this clinic has with any organizations, such as government agencies, industries and companies, labor unions, or community groups.

As an AOEC clinic, we promise to:

1. Maintain your records in strict confidence and not release them to anyone outside this clinic without your express written permission. (Your filing of workers' compensation, health insurance, or legal claims may require you to release your records).

2. Help you obtain information about workers' compensation, social security, disability, and other health and welfare benefits if you request such information.
3. Provide information on your OSHA rights, assist you in getting a workplace inspection, and help you improve health and safety at your worksite.
4. Provide legal testimony of our findings, if necessary.
5. Declare any possible conflict of interest by providing you with a list of our grants and contracts, if requested.
6. Explain the results of all medical tests and procedures performed under our direction.
7. Help you understand the causes of your illness and risks to your health.
8. Work with you to prevent future health problems.

Dear Prospective Patient,

Welcome to the Occupational Health Clinical Center (OHCC). We look forward to meeting you. One of the reasons our clinic is unique is the range of services we provide. We not only evaluate and treat patients but we also employ a social worker, certified industrial hygienist and a community outreach educator.

On the day of your initial visit at our clinic, our social worker Carla will meet with you briefly to see if she can offer you any additional assistance. We believe meeting with a health care provider as well as a social worker is important to delivering comprehensive and well-rounded care to our patients.

Sincerely,

The Occupational Health Clinical Center

UPSTATE
UNIVERSITY HOSPITAL

**PERMISSION TO DISCUSS
CONFIDENTIAL HEALTH INFORMATION**

Patient Name: _____ MR#: _____

Account #: _____ DOB: _____ Date: _____

This form must be completed if you wish to grant University Hospital permission to discuss confidential health information about your care with family members, friends, and others involved in your care who may inquire. As explained in our 'Notice of Privacy Practices', we must provide you with the opportunity to agree or object before we can discuss some of your confidential health information with family and friends who are not making healthcare decisions on your behalf. If you wish to designate one or two individuals with whom we can discuss your confidential health information, please use the space below to indicate their name(s). It is important that you be made aware of the following before granting such permission:

- The information we are permitted to discuss with the individuals you name is limited to general care and treatment information and will not include information that is given greater protection under law such as HIV-related information, mental health information, substance abuse treatment information, genetic information, or any other information that your healthcare provider determines, in the exercise of professional judgment, could be of a sensitive nature.
- The individuals you name below must give us their name, and may be asked to give us your date of birth, when they inquire before we can discuss any information with them. If the inquiry is made in person, we may ask the individual for photo identification.
- If you are receiving outpatient services you will be asked to review and renew this permission yearly.
- If you are the personal representative giving permission on behalf of the patient, this form will expire if the patient becomes capable of making their own healthcare decisions.

***This permission can be revoked at any time by sending a letter to the
Institutional Privacy Administrator at 750 East Adams St., Syracuse, New York 13210.***

I give my permission to University Hospital* to discuss my confidential health information with the following individuals (PLEASE PRINT):
